Re-valuation of Sw. L. & O. C.
as "teacher of method" I should
like to say this. Sw. L. & O. C.
is a friend of mine, but I
think it unfair and unwise
to ask him to be "a teacher
of method." I don't know if
he ever got much or any training
in method, and I think it
would be much better to
ask him teach those
subjects for which he is
eminently fitted. For instance,
he might teach ^{English} composition
or give ^{some} lessons in Hist. or
Grammar, or in such branch
of English which he studied
under O. C. Bishop. Most of

necessity for the step con-
templated by this resolution.
I am however sure the College
will & for that I would
not a sufficient salary.

The College has got on
very well during this time &
I think it would be
hard to find a person
so interested in its
welfare as he is.
Where will the Duke get a

competent man to give her
full time to do better or
she will the sum of

As I say, I am completely
in the dark re this
resolution, and must
be taken as being
strongly opposed to it till

I get ~~some~~ information about
the matter. Only that I
have been away for the
past 16 or 17 Sundays -
especially busy for the
past few days. I would
have tried to see Dean
O'Quinn about it. I am
quite sure that he has
the good of the college in
view - nothing more, but
for the very same reason
I am against the resolution
until, at least, I have
more light on the matter.
Even now I am making

these letters, but I hope I have
made my attitude clear.
Re. Lewis the resolutions I
am entirely with them. I
wish a deputation to
Borough & C. Councils, & I
be arranged & I'm sure the
desired result would be
the outcome of a good
deputation.

I regret very much that owing
to distance & constant messengers
with I am so much out
of touch with work for the
College. If this continues all
the summer & longer I must
ultimately resign.

FROM
SIR BERTRAM WINDLE, F.R.S.,
PRESIDENT.

October 30th, 1918

Sir,

I am as anxious as anybody can be to do everything in my power to check the progress of the epidemic in Cork, but the calling of such a meeting as you suggest would arouse nothing but hostility in the medical profession. It is clearly the business of the Medical Officer of Health for the City to attend to these matters, and as far as I can see from the papers he is doing so. At any rate, it would be quite impossible for any of the three persons you name to call such a meeting with the hope of doing any good, since none of them is in any sense an expert in public health.

I am,

Yours faithfully,

President.

At Capa. I regret very much
that I cannot attend meeting
on Saturday which will be a
very busy day here in the
way of hearing conferees. Perhaps
Father & they may attend, but
it looks doubtful.

Were I present, I should
be very glad to propose the
resolution to grant College

Diploma to Mr Petrus Beeley
for research work in the
domain of Irish Literature. But
some member of Com. will be
good enough to do so & I know
that there will be no difficulty
about the matter.

In regard to the new
site for the projected
College building, I have
simply to inform Committee
that Mr Patrick Lucy,
Kilmon, Ballinacorney, has
consented to give the piece
of elevated ground beyond

the readiness of Mr. Lookeg. N.S. I did not
however go into the question of terms. A
deputation or sub-committee from the College Com.
had better discuss the terms with him.

Re letter to Dr. O'Leary, I mentioned
the fact to Mr. O'Leary that the Com. would be
anxious that a letter from him as Rector
of the Parish & President of the College would
be desirable. as Mr. O'Leary is not long
back from his long holiday. he has not had

much time to consider the matter,
and perhaps if he were asked
formally now to write the
letter in question he would
do so. At any rate he has not
written or orally yet. I think
Father O'Leary half believes that
there is no use in writing to
Justice to write or orally
back, at least for the present.

Seán O'Cuair's resolutions,
as far as I could gather the substance
of them, would have my cordial
support, were I at the meeting.

28, Marlboro' Street, Cork.

24/9/'18.

Dear Sir,

At the last Council meeting, a communication was received from the Gaelic League of Cork, inviting the members of this Association to take part in the welcome to our City, that is being arranged, by the Gaelic League, to Very Rev. Canon Peter O'Leary, P.P., Castlelyons, Co. Cork and to Doctor Huno Meyer of the University of Berlin, when both these gentlemen arrive in our City on to-morrow, to receive the Freedom of Cork, at the hands of the Corporation.

It was unanimously decided to send a special notice to each member of our Association, asking as many members as can, to assemble at the Glanmire Terminus at two (2 p.m.) o'clock sharp, on to-morrow, Wednesday afternoon, to welcome the distinguished visitors and, afterwards to proceed with the public procession, to the City Hall, where the Lord Mayor and members of the Corporation will receive the visitors.

It remains for me to add that, since the foundation of the Movement in support of Irish Industries, the Gaelic League organisation and individual Gaelic Leaguers, in all parts of Ireland, have given continuous and consistent support to Irish Industries in general and to our own Association in particular. Our members have now a favourable opportunity of suitably manifesting their best thanks to the Gaelic League, for past and present support, by assembling at the Glanmire Terminus on to-morrow and joining in the Civic Welcome to Canon O'Leary and Dr. Huno Meyer.

I am, dear Sir,

Yours very truly,

J. J. Lawless

Secretary.
